

Women

IN HEALTHCARE
PHOENIX CHAPTER

*promoting the
professional
development
of women
in the healthcare industry*

Who We Are

Networking. Education. Growth. Mentorship.

Mission: The purpose of our organization is to promote the professional development of women in the healthcare industry, to empower one another, support growth and mentorship, and support business through sharing successful techniques, leads, contacts, products and services.

Our content is geared towards women in administration, operations and facilities who are interested in a management or leadership track within the healthcare environment. We provide content that furthers the individuals' knowledge of industry related fields and trends, enhances professional development tools and gives a forum for personal growth. We focus all the content we provide on the following tracks:

// Mentorship // Education // Networking // Community // Self

All Programs, Education, Networking, and Charitable Events are rooted in these principals and promise to provide women in the healthcare industry with the community and tools needed to prosper. Our vision is to give women and organizations the tools needed to prosper and to allow them to have a seat at the table they want to be seated.
