

*Sponsorship Packages for Roundtables  
Wednesday Nov 2, 2022*

Join Women in Healthcare for the 6th Annual LeadHERship Summit, now bigger than ever. Expand your healthcare community with women from across the organization in the US and Canada. Hosted by the national organization, all chapters come together for 3 days of networking, education, growth and mentorship. This event will feature women from the healthcare industry who have excelled in their careers through adversity and with sponsorship. Thought-provoking panel discussions and break out sessions will allow the audience to look within themselves to be the change that promotes women in leadership and challenges the individual to eliminate boundaries put on their professional growth.

**About the Roundtables:**

Day one of the summit will be a series of moderated roundtables around organizational barriers that impede the advancement of women in healthcare.

Women In Healthcare will bring together our National Board, Advisory Board, Industry Council and healthcare executives from around the country to brainstorm tactics for breaking down these barriers.

These roundtables are 50-60 of the most forward thinking minds, coming together to make organizational change.

Do you know a dynamic leader who would be a great fit? Contact [Ashley.Schmidt@womeninhealthcare.org](mailto:Ashley.Schmidt@womeninhealthcare.org) with their information
